## VICTORIAN AGRICULTURAL SHOWS LIMITED Yea Agricultural, Pastoral & Horticultural Association Inc. SPORTS PARTICIPANT RISK ACKNOWLEDGMENT & WAIVER

SPORTS PARTICIPANT RISK ACKNOWLEDGMENT & WAIVER Name of participant:
Address Phone. Phone. Phone The Victorian Agricultural Shows Ltd and Yea A. P. & H. Association (together "the
Suppliers") advise that participation in horse sports at an agricultural show or horse competition contains elements of risk, both obvious and inherent. Horse sports are depresent and proceedings and inherent and inneredictable and horses can set in a sudden and inneredictable.
way, especially when frightened or hurt.  By signing this waiver I acknowledged that:
participation in noise sports is a nazaroous activity and may result in rijury, loss, damage or death to me; participation in horse sports requires certain skills. I declare that I have sufficient skills to be able to safely and properly participate in the events:
horses can act in a sudden and unpredictable way, especially if frightened or hurt, or if exposed to loud or unfamiliar poises:
If held at an agricultural show, the horse sports will be held in close proximity to rides
can frighten borses:
as the event is held outdoors, there are risks to me and to my horse as a result of the weather conditions, including either extreme hot or cold weather, rain or wind:
insects or other animals may cause my norse or other horses to become frightened and
act in an universidable way.  there is inherent in horse riding events the risk of suffering injury including falling from
my <u>horse:</u> I am responsible for ensuring that I have and will wear equipment suitable for safely and
properly participating in the event, and luse the facilities of Iname of show society) entirely at my own risk, as I find them and with
the prior acceptance of the risk of possible danger to me.
employees or agents legally responsible for any injuries I suffer. I will not sue the
agree to release the Suppliers and their employees from legal responsibility for the
services I have been provided.  I acknowledge and agree that my participation in the horse Sports and associated.
Activities are a danger and may have inherent risks as a result of which personal
injury (and sometimes death) may <u>occur</u> and I accept and assume all such risks of personal injury or death in anyway whatsoever arising from these activities
and hereby waive my individual right to sue the Suppliers for all claims I or my representatives may have for such personal injury or death against the Suppliers in
any way whatsoever arising from or in connection with these activities.
and agree that such use may result in me being excluded from an event with no
entitlement to any refund of money paid for entry to the Suppliers.  I agree to be bound by the rules and guidelines of Victorian Agricultural Shows Ltd as
Where the participant is over 18 years of age:
waiver will be binding on my heirs, next of kin, executors and administrators.
I agree that this waiver shall be governed in all respects by and interpreted in accordance with the laws of Victoria.
Where participant is under 18 years of age (to be completed by a parent or guardian):
participant hereby consent to my child participating in horse sports. I confirm that I
it and agree that this agreement will be binding on my (and their) heirs, next of kin,
executors and administrators. I agree that this waiver shall be governed in all respects by and interpreted in accordance with the laws of Victoria.

# WARNING UNDER THE FAIR TRADING ACT 1999

Under the Australian Consumer Law (Victoria), several statutory guarantees apply to the supply of certain goods and services. These guarantees mean that the supplier named on this form is

required to ensure that the recreational services it supplies to you-

- are rendered with due care and skill; and
- are reasonably fit for any purpose which you, either expressly or by implication, make known to the supplier: and
- might reasonably be expected to achieve any result you have made known to the supplier.

Under section 32N of the <u>Eair Trading Act 1999</u>, the supplier is entitled to ask you to agree that these statutory guarantees do not apply to you. If you sign this form, you will be agreeing that your rights to sue the supplier under the <u>Eair Trading Act 1999</u> if you are killed or injured because the services provided were not in accordance with these guarantees, are excluded, restricted or modified in the way set out in this form.

**NOTE**: The change to your rights, as set out in this form, does not apply if your death or injury is due to gross negligence on the supplier's part.

Gross Negligence is defined in the Fair Trading (Recreational Services) Regulations 2004. Yea A.P&H 23 November 2024 Horse Section

### IMPORTANT PRIVACY NOTICE

Please read and sign this privacy notice and return with your entry form

### EXHIBITOR DISCLOSURE STATEMENT

By completing the entry form you will be supplying information such as your name, address, phone/mobile number, email address and ABN number (gaggag competition only). Without this information we will not be able to process your entry form. We collate this information for the following purposes:

- Processing your entry form
- Forwarding your Entry ID tags
- Forwarding any additional information pertaining to your entry
- Recording your details in order to send you a Yea Show Schedule in subsequent years and to notify you of other events held by us
- Major championships and award winner names may be published in relevant media and will be on website: www.veashow.org.au

We may disclose your information to Central & Upper Goulburn Agricultural Societies Group and Victorian Agricultural Societies Inc. for the purpose of regional and state competitions.

### NATIONAL CATTLE HEALTH DECLARATION EXPLANATORY NOTES

### OVERVIEW

The Cattle Health Declaration is a legal document. Please complete accurately before signing.

NATIONAL CATTLE HEALTH DECLADATION

Cattle Heath Declarations are a way for producers to provide information about the health status of the cattle they are selling. Buyers should ask vendors for a Declaration and use the information provided to determine the health risks associated with the animals on offer.

Some states/territories require testing or certification additional to that outlined in this document e.g. Johne's disease (JD) in WA and for Enzootic Bovine Leucosis (EBL) in Tasmania. Please check the entry requirements for any interstate movements at:

www.animalhealthaustralia.com.au/what-we-do/endemic-disease/livestock-movements

The original of this form is to be attached to the National Vendor Declaration (NVD) form accompanying the cattle, if applicable. A duplicate remains with the vendor; it is recommended the vendor retains a copy of this declaration for seven (7) years.

### QUESTIONS 3 & 4: BOVINE VIRAL DIARRHOEA VIRUS (PESTIVIRUS) TESTING

Persistently infected animals can be detected by conducting a pestivirus antigen test. This test only needs to be conducted once in an animal's life. Cattle that test positive in most cases are persistently infected animals. Pestivirus antibody testing may be done to check the pestivirus status of the herd. Dairy cattle may be tested through bulk milk testing. Contact your veterinarian for assistance. Producers who don't know the answer to these questions should tick the 'N' box.

### QUESTION 5: JOHNE'S DISEASE TESTING

Note: JD is a notifiable disease, so it is important to answer these questions.

Check test — testing of 50 adult animals in the herd (or all eligible animals in a herd if less than 50 adult animals) biased to increase the probability of detecting infection, tested by (pooled) faecal culture or (pooled) HT-J faecal PCR. An ELISA test is available but is not recommended and also not accepted for entry of cattle to WA.

Sample test – screening of the adult herd or a large representative sample of the adult herd by an approved test (pooled) faecal culture or (pooled) HT-J faecal PCR. See note above for EUSA test.

Herd Environmental Culture (HEC) Check Test (for dairy cattle) – a test of a representative sample of faecal material from the yard (see JD in <u>Cattle Definitions & Guidelines</u> for details). Details are available at <a href="https://www.animalhealthaustralia.com.au/id-cattle-tools">www.animalhealthaustralia.com.au/id-cattle-tools</a>.

### QUESTIONS 6 & 7: JOHNE'S DISEASE

Occurrence of JD refers to clinical disease in the herd or on the property(s). Clinical disease is an infected animal with chronic diarrhoea and weight-loss that does not respond to treatment.

The Johne's Beef Assurance Score (J-BAS) is a voluntary tool developed for JD risk profiling. Details are available at <a href="www.animalhealthaustralia.com.au/jd-cattle-tools">www.animalhealthaustralia.com.au/jd-cattle-tools</a>. The J-BAS is an initial guide and purchasers should ask for more information about JD in the origin herd (see the JD in Cattle Biosecurity Checklist on the 'JD in cattle' webpage). The National Farm Biosecurity Reference Manual - Grazing Livestock Production provides a template to use for the property biosecurity plan. All plans should include the JD in Cattle Biosecurity Plan Checklist.

The Johne's Disease Dairy Score (JDDS) is a voluntary tool for JD risk profiling in dairy cattle. Information is available at <a href="www.dairyaustralia.com.au/bjd">www.dairyaustralia.com.au/bjd</a>

Grazing of non-bovine species — Buyers of cattle from this consignment may consider the grazing of other JD-susceptible species (sheep, goats, alpacas) on the source property as important to their risk-management decisions. These buyers are entitled to seek information on how you have managed disease risks for all your livestock.

### TREATMENTS & VACCINATIONS

Provide details on any cattle treatments in the last six (6) months and vaccinations within the last twelve (12) months.

Some manufacturers include more than one of the categories listed in the same vaccine, known as a combination vaccine. If you use a combination vaccine, each agent(s), as appropriate, should be detailed.

For vaccinations to be current, you must have followed the manufacturer's recommendation for vaccination. Typically, young animals or first time vaccinated animals need two (2) doses, followed by annual boosters. As variations to this general rule do occur (e.g. Silirum is given once only), you must use the manufacturer's recommendations.

At the date the declaration is made and as a result of the vaccination(s) given, the animals are considered protected from the diseases marked as treated.

### DECLARATION

This section must only be completed by the owner or person responsible for the husbandry of the cattle in the consignment.

For more information on what is fit to travel, please see MLA's Is it fit to load? at www.mla.com.au/isitlittoload.

For more information on biosecurity go to www.farmbiosecurity.com.au
